Project Description

Retail giants, Sports Direct have recently opened a brand new store in the heart of Middlesbrough town centre and have specified Genesis profile NSL02 stair nosings to be used on all of their interior stairs. The NSL02 is a slimline rakeback profile that is perfectly suited for the high level of footfall that the stairs will receive on a daily basis, combined with the excellent level of slip resistance that these profiles provide, makes the NSL02 the perfect choice of nosing to be used.

A white insert has been used on the top and bottom step in each set of stairs in-order to aid the visually impaired when distinguishing where and when one set ends and another begins.
